MANY HEADS OFF!

REDUCING EXPENSES IN SEDALIA.

DROPPING THE EMPLOYEES!

In Accordance With Mr. Doddridge's Late Order, the Pacific is Cutting Down.

The Missouri Pacific's pruning knife was put to work in Sedalia to-day, and in consequence a number of employees who yesterday labored under the belief that they had permanent positions are now at liberty to seek employment elsewhere.

The DEMOCRAT stated one day last week that General Manager Doddridge had issued an order to reduce expenses all along the line; and this afternoon the gentleman, in company with General Superintendent Clark and Superintendent Hopkins, arrived here to put it into effect.

That railroad managers throughout the entire country are anticipating hard times for the next few months is proven by the fact that they are reducing expenses in every direction possible. The Missouri Pacific did not take the initiatory step. The Santa Fe and Union Pacific, competitors of the Missouri Pacific, began the work of weeding out several weeks ago, and since that time hundreds of employees have been dropped from the pay rolls of the two companies, no branch of the service escaping the cut.

The main line of the Missouri Pacific is one of the best paying roads in the west, but it has a number of branches that have never paid expenses. On the contrary, they have been a constant drain upon the earnings of the main line, and in these times of financial distress General Manager Doddridge realized that it required heroic measures on his part to stem the tide and have the "old reliable" keep up with the roads that had already reduced expenses many thousands of dollars each month.

Mr. Doddridge first put the pruning knife to work in St. Louis. He did not reduce the salary of a single employee, but he dispensed with the service of every one that could possibly be spared, and then he started out on a tour of inspection and to make such reductions along the entire system as could be made without crippling the excellent service that the road has been rendering its patrons.

The reductions here are the temporary abolishment of the offices of night depotmaster and night weighmaster, held by James Grant and Mr. Davis; the laying off of what is known as the middle switch engine and crew—five men; two clerks in the office of Yardmaster Grow, one in the office of Freight Agent Wrong, two operators and possibly two clerks in the office of Superintendent Hopkins. There may be a few men laid off in the various departments of the shops, but there will be no sweeping reduction.

The ballast train on the Lexington branch has already been abandoned and it may be that a similar order will be issued in regard to a like train on the main line. These trains have been utilized in hauling screenings from the mines at Webb City, and distributed along the main line and Lexington branch for the purpose of ballast.

The DEMOCRAT learns that all of the reductions are only temporary, and as soon as business picks up sufficiently to warrant it all of the dismissed employees will be put back to work again.

State Board of Pharmacy.

The State Board of Pharmacy is in session at the Broadway school building to-day for the purpose of examining thirty odd applicants for pharmacists' certificates. Dr. A. T. Fleischmann is president of the board; Dr. F. W. Sennwald, of St. Louis, is secretary, and Dr. A. R. Edmonds, of Miami, is the third member.

LAKE SHORE MEN STRIKE.

About Sixty Men Quit Work in the Cleveland Yards.

CLEVELAND, O., July 10th.—Five more switching crews in the city yards of the Lake shore road

struck to-day. This makes about sixty men out altogether. The company yesterday decided to put new men at work in place of the strikers, and a demand was made on the sheriff for protection. That official said he would furnish protection if somebody would guarantee the payment of deputies. This was due to the refusal of the county commissioners to allow part of the claim for the services of deputies sworn in last summer during the street railway strike.

MANY MAILED FOR LIFE.

The Iowa Cyclone's Work Will Be Remembered for Years to Come.

FORT DODGE, Ia., July 10.—The appeal for financial aid made by Governor Bois for suffering survivors of the Pomeroy cyclone is meeting with fair response from all parts of the state, and already \$2,000 has been received by the relief committee. This city will send \$500 and the county the same tomorrow. The injured are having good care from physicians and nurses, but many things are needed for their comfort. Clothing of all kinds can not be sent in two great abundance. Food for the sick will also be a recurring want for many weeks to come.

Owing to the severe nature of the injuries the majority have sustained, several months must intervene before they can care for themselves. Some will linger in anguish for several weeks and some will be hopelessly crippled for life.

BACK FROM THE GRAVE.

A Most Remarkable Case of a Physician's Skill Reported From Cincinnati.

CINCINNATI, O., July 10.—Another almost miraculous cure of third-stage consumption by Dr. Amick has come to light. Over a year ago Mrs. Hayes, of North Bend, O., who was given up to die within a month, was placed under his treatment at the request of her neighbor, no less celebrated a person than Mrs. Bettie Eaton, a sister of ex-President Harrison. Amick soon had Mrs. Hayes on her feet and she has remained well ever since. Thousands of consumptives write Amick for his medicine, but as his only ambition is to satisfy his brother physicians of the correctness of his theory and treatment, medicines to test are only sent to physicians in good standing.

CLEVELAND STILL IMPROVING.

He Expects to Be Out Fishing by the Middle of the Week.

BUZZARDS BAY, MASS., July 10.—President Cleveland passed a comfortable day sitting on the broad veranda of Gray Gables. His rheumatism is gradually leaving him, and he is now looking forward to a fishing trip about the middle of the week. Colonel Lamont and Dr. Bryant took a drive in the morning, leaving the president alone with Mrs. Cleveland. In the afternoon Joe Jefferson drove over to the cottage and made a short call.

Released From Jail.

There were four releases from jail to-day, viz: Henry Adams and Babe Williams, colored, eight days each for disturbing the peace; Charlie Mathews, colored, six days for petit larceny; Harry Newhall, for peddling bogus "insect powder," eight days.

The Field Partition Suit.

The Field partition case came up again in the circuit court to-day before Special Judge Barnett and will probably be on the boards for the remainder of the week.

FORTY-SEVEN DIE.

FATALITIES AT A WORLD'S FAIR FIRE.

FIRE IS STILL SPREADING!

Fire Starts in a Tower, Which Falls to the Ground, Burning Firemen and Others.

Special to the DEMOCRAT.

CHICAGO, July 10.—This afternoon the cold storage warehouse at the World's fair grounds was found to be in flames and in spite of the heroic work of the fire department the entire building is doomed.

Fire started in the tower and burned off at the base and the whole structure tumbled, carrying down fifteen firemen, all of whom were burned to death.

By the fall of the tower twenty-one persons perished and many more were injured.

The firemen were on top of the tower working bravely when it fell.

Forty-Seven Killed.

CHICAGO, July 10, 3:30 p. m.—Latest from the fire at the World's fair grounds reports forty-seven lives lost, and, as many persons are known to be injured, it is feared the death toll will reach even greater proportions.

The fire is spreading rapidly and it is feared there will yet be much greater destruction of property.

A Crisis Is Imminent.

PARIS, July 10.—M. Peytral, Minister of Finance, resigned late last night. A cabinet council was held this morning. Wide differences of opinion as to the present policy toward the mob in Paris became apparent at once and a general ministerial crisis is imminent. M. Dupuy

went this afternoon to Marley Le Roi to confer with President Carnot. This evening another cabinet meeting was called, at which Mr. Peytral consented to withdraw his resignation.

Somewhat Disappointed.

CHICAGO, Ill., July 10.—The attendance at the World's fair yesterday was very light, so light as to raise doubts in some minds as to whether the open Sundays are to prove the financial boon to the fair that was expected. While the exposition officials express satisfaction over the attendance, it is no secret that concessionaires are generally greatly disappointed at the lack of the bristling multitudes that were fondly anticipated for this period of the fair.

FATALLY INJURED.

James Stapleford, at the Planing Mill, the Victim.

James Stapleford, who lives with widowed mother at No. 700 Fourteenth street, and who for several years past has worked at the Sedalia planing mill and novelty works, on East Second street, was seriously and perhaps fatally injured about 2 o'clock this afternoon, while at work at the mill.

He was employed at the moulding machine, when a bit in the machine came loose and flew out, striking him with terrific force in the groin, sinking itself in the flesh at least an

THE INJUNCTION STICKS.

It Goes Over Until the October Term of Court.

Circuit court convened at 11 o'clock this morning, Judge Field on the bench, to hear the motion to set aside the restraining order granted by Judge Thos. P. Hoy in the matter of constructing an electric railway on Prospect street.

The court decided that the matter could not come up at other than a regular term, and hence it will go over until October.

The motion for a new bond, necessitated by the withdrawal of Messrs. Pilkington and Rosse, was sustained, and Dr. Conkright et

Drs. S. K. Crawford and Henry Evans were immediately summoned, and finally succeeded in stopping the flow, but not before the young man had become almost unconscious from the loss of blood.

Mr. Stapleford is about twenty-two years of age, is a good mechanic, and the sole support of his widowed mother.

Dr. Crawford said that the wound was in a fatal place, and it was doubtful if the man would recover.

A RECEIVER NAMED.

W. J. Maltby Appointed Receiver of the Fair Association.

In the Pettis county circuit court, to-day, the application of Dr. H. W. Wood et al. for the appointment of a receiver for the Missouri State Fair association was sustained, and W. J. Maltby, secretary of the association, was named as receiver.

A bond of \$30,000 was required and it will be given this afternoon. This concluded Judge Field's business for the day and he returned home to Lexington this afternoon.

Peace Disturber Fined.

Jos. Counts, colored, was fined \$1 and costs in Justice Levens' court to-day, for having disturbed the peace of Rachael Robinson, also colored.

Official Paper of the City of Sedalia.

FRANCE is on the eve of another
crisis. In fact a crisis is almost an
every day affair in that country.

ADVICES from the six principal
wheat states indicate that the crop
this year will be 80,000,000 bushels
short of the crop of 1892.

TIMES cannot be hard in this
country when there is certain to be
an active demand in Europe for
American food and fodder products.

THESE warm days need not be
dull days. If business is not as
lively as usual, put in leisure time
getting ready for the bustling times
that are coming this fall.

THE Pettis County Investment
company was the first to deposit the
required \$100,000 with the state
treasurer, and seems to be assured
of a most prosperous career.

THE strongest argument in favor of
the free coinage of silver will be
found in the eloquent speeches of
Secretary Carlisle, Senator Vest and
other democrats who have so long
fought in defense of the white metal.

THE movement toward a gold
basis has set in and before it is
ended many of those who have
sneered at a "sixty cent" dollar will
be glad to handle any kind of dollar
that will pay a debt or buy the
necessaries of life.

A DASTARDLY attempt to kill Cin-
cinnati police was discovered and
frustrated Sunday. Dynamite was
to be the messenger of death, and
the officers to be killed had gained
the enmity of certain anarchists by
their strict performance of duty dur-
ing the "Little Bucktown" riots.

THE Kansas City Times of to-day
contains interviews with twenty cit-
izens of Sedalia and Pettis county
on the present financial situation
and the duty of congress in the
premises. Of the gentlemen inter-
viewed nearly all favor the repeal
of the Sherman law, and three-
fourths of them advocate the free
and unlimited coinage of American
silver.

HERE is a nugget of wisdom from
the Carthage Democrat: "There
never was a worse time for an at-
tempt at political jugglery than
now. There are a number of hon-
est men among the leaders of all
parties to protest, and then the
masses are pretty well qualified to
pass on such questions themselves,
thanks to the little school house
and the country press."

As soon as the extra session of
congress meets somebody should at
once introduce the Vest free coin-
age of silver bill which passed the
and senate came so near passing the
house a few years ago. That bill
was a just and righteous measure at
the time and the arguments in its
favor have been made. Just intro-
duce the bill; let the clerk read the
speeches as they appeared in the
congressional record; take a vote in
both houses and appeal to the peo-
ple in the next election.

THE demand for the repeal of the
Sherman bill is not merely the de-
mand of the mono-metalist. The
bill was a deadly blow at free
coinage; it was a vicious stab
from the hand of an assassin, and
was no less vicious that the
misguided mine owners were
deceived and embraced the
foe as a friend. The free silver

men will help repeal the false and
wicked measure, but then they will
force the fight for free coinage every
hour until success crowns their ef-
forts or until the people are as hope-
lessly sunk in poverty and servitude
as are those of Germany or Old
England.

In reducing its working force to
curtail expenses during dull times,
the Missouri Pacific cuts off one of-
ficial whom the traveling public will
especially regret to see go—that is
night depotmaster. The passenger
traffic passing through the depot here
is large, and frequently unprotected
ladies have to change cars and per-
haps wait for hours in the depot,
and their comfort and safety de-
mands a night depotmaster. With-
out such an official the waiting
rooms will be almost certain to be-
come loafing places for "bums"
and hard characters generally, and
the complaint of the traveling
public will be loud and deep.
The DEMOCRAT appreciates the
great difficulty which a corpora-
tion like the Missouri Pacific ex-
periences in regulating its force so
as to afford the greatest accommo-
dation to its patrons at an expense
commensurate with the company's
business during dull times, and also
appreciates the further fact that ex-
perienced railroad managers are the
best judges of what expenditure
will or will not pay the company,
but at the same time it seems to
this paper, and will so appear to the
public, that the position of night
depotmaster at so important a point
as Sedalia is one that the company
can hardly afford to abolish even
temporarily.

CHOLERA COMING.

The impression prevails that
cholera will yet reach our shores
before the end of the summer.

Miss Annesley Kenely, appoint-
ed judge of the hygienic section of
the World's fair by the Ladies'
Committee of the Royal Commis-
sioners, and a widely known au-
thority in medical circles, was in-
terviewed by the press reporters
upon her arrival in New York, and
talked frankly of the scourge.

She says there are 2000 cases of
cholera in Mecca and that the
plague is gaining quite a foothold
in France.

In the course of the interview she
said:

"You need not be astonished if
the disease makes itself manifest in
the crowded, filthy tenement dis-
tricts at any time. Your people
are packed together in this big city
so I wonder how you can breathe.
I wonder that you have not had
cholera already this season. I am
not an alarmist by any means. I
am only anxious lest you may be
caught napping. The disease may
come over on any French steamer.
It is practically stamped out in
Hamburg, I think."

While there is no cause whatever
for a panic at the prospect of chol-
era visitation, there is every reason
why such warning should not be
neglected.

Every community in the country
should at once give special atten-
tion to its sanitary condition. Every
effort should be made to bring
about and maintain a condition least
favorable to the spread of the dis-
ease.

Special care should be taken as
regards drinking water. Unless it
is positively known to be pure, all
water should be boiled before being
taken into the system.

KILLED IN A FIELD.

A Father Meets Death While Saving
His Son.

A farmer named Wm. Bridges,
living five miles east of Knob Nos-
ter, was crushed to death by a
binder last Saturday.

While fixing his machine the
horses became frightened and start-
ed to run. Mr. Bridges' 10-year-
old boy was riding one of the horses
and was in danger of being thrown
in front of the bar and cut to
pieces.

The father, realizing the danger,
ran in front of the team, and in at-
tempting to stop them, stumbled
and fell in front of the big iron
drive wheel and was crushed into
the earth, inflicting injuries that
caused his death.

The boy, with rare presence of
mind, gathered up the lines, throw-
ing the slack behind him, which, as
good fortune would have it, became
entangled in the gearing of the ma-
chine. This brought the horses to
check and saved his life.

SEDALIA ECHOES.

THE LATE TOURNAMENT OF
THE MISSOURI CYCLERS.

COMPLIMENTING SEDALIA.

What a Writer in the St. Louis Post-Dispatch Says of the Meet of the Wheelmen.

Jupiter Pluvius evidently has no use for cyclists, as last Tuesday's deluge completely drowned out the races of the state meet at Sedalia, which were consequently postponed till Saturday, July 22.

All those who were fortunate enough to be present, says the St. Louis Post-Dispatch, speak in glowing terms of the hospitable treatment accorded them, and the races on the 22d will be heavily patronized. Arrangements for reduced rates are now being made by H. A. Canfield, and all those who wish to attend are requested to leave their names at 1118 Olive street by Thursday.

The three days spent at Sedalia were one continued round of pleasure and the St. Louis crowd was, as usual, the first to arrive last Sunday morning. The only incident of the journey was the loss of the South Sides' elegant silk banner, which was either thrown from the train or stolen.

Sunday was spent in resting up, running around the city and witnessing the cracks at work on the race track, which was in fine condition.

On Monday morning the run to McAllister Springs did not attract the crowd, as the road was reported tough, but the twenty-seven riders who completed the ride found the journey a pleasant one, and at the destination ample sport was provided.

On Monday evening the grand smoker was the attraction, and it was attended by 250 wheelmen. A varied athletic and musical programme was quickly disposed of, and during the evening ample liquid and solid refreshments, as well as pipes and cigars, were furnished. The affair was voted to have been the most successful one yet held.

Tuesday morning opened up badly, and the parade and photograph billed for 9 a. m. were abandoned. The rain drove everybody under cover, and consequently when the annual business meeting was called to order the largest attendance on record was present.

Right at the opening a sharp, quick debate followed the appointment of a credentials committee, and it resulted in an overwhelming defeat for the opposition element. The supporters of the opposition against the present administration and alleged "one man power" suffered a Waterloo.

The climax was capped when the credentials committee threw out the proxies of the St. Louis Cycling club, Business Men's Bicycle club and North St. Louis Bicycle club on account of being irregular, and they were withdrawn.

The parade was held on the afternoon of July 4 and was fairly well attended. The banquet on the night of the Fourth was a pleasing affair.

Taken altogether Sedalia has every reason to feel proud over the success of the meeting and it is to be hoped that the races on July 22 will draw a large and representative audience.

"Royal Ruby" Port Wine.

If you are reduced in vitality or strength by illness or any other cause, we recommend the use of this Old Port Wine, the very blood of the grape. A grand tonic for nursing mothers, and those reduced by wasting disease. It creates strength; improves the appetite, nature's own remedy, much preferable to drugs; guaranteed absolutely pure and over five years of age. Young wine ordinarily sold is not fit for use. Insist on having this standard brand, it costs no more. \$1 in quart bottles, pints 60 cts. Royal Wine Co. For sale by A. S. McGowan.

A Card to the Public.

I am once more in business in Sedalia at the old stand, 401 West Main, the old Riley barn. Having purchased the same of Bowers & Bouldin, I will be pleased to see all my old friends and the public in general whenever they want first-class light livery. Special attention to boarders and transient stock. Horses and mules bought and sold. GEO. T. MENEFFEE.

ST. LOUIS CLOTHING COMPANY.

THE RAILROADS.

Now that the office of night depotmaster has been abolished the "bum" will be in clover.

Detective Frank Barnett, of the Missouri Pacific, went west on train No. 1, yesterday afternoon.

"Who will be next to lose his head?" is a question the Missouri Pacific boys are asking each other at present.

Edwin Adams, of Hannibal, who hustles freight and passenger business for the M., K. & T., was in town to-day.

Col. L. F. Sheldon, assistant superintendent of telegraph for the Missouri Pacific, was a passenger to St. Louis at noon yesterday.

Walter Shirk, commercial agent for the M., K. & T., left for Kansas City on the fast mail train this morning and will return to-night.

The taking off of the fourth day switch engine and crew means considerable "rawhiding" for the remaining crews—three day and three night.

The ticket sales at the union depot are now averaging \$450 a day, and the sales for June, 1893, exceeded the sales for June, 1892, by \$2500.

J. H. Baker, superintendent of telegraph repairs for the Missouri Pacific, accompanied by his little son, George, left for St. Louis yesterday.

W. H. H. Myers, the popular messenger for the Pacific Express Co., who has been laying off for the past three months on account of a badly sprained arm, resumed work yesterday.

According to Controller Hedge, of the M., K. & T., the estimated gross earnings of the company for the month ending June 30th was \$841,677.04, as against \$776,717.73, or an increase of \$65,059.31. The gross earnings of the company for the current year ending June 30th were \$4,671,629.70, as against \$4,121,512.10 for the same period of 1892, or an increase of \$550,117.60 for the year.

THE M., K. & E.

A Very Clever Compliment For Superintendent Lyons.

Our citizens, says the Rocheport Commercial, are much pleased over the announcement that Col. W. B. Lyons, of Sedalia, is to be general superintendent of the M., K. & E. Col. Lyons has many friends in Rocheport and along the line of

the new road. He has long been division superintendent of that part of the Missouri, Kansas and Texas embracing the territory from Hannibal to Parsons. His headquarters will be at Sedalia. Col. Lyons has the reputation of being the best railroad manager in the west, and is a genial gentleman whom it is a pleasure to meet.

It has been officially announced that the M., K. & E. will be turned over to the Missouri, Kansas and Texas on July 15. It is not known what damage the heavy rain of Tuesday night did to the road. If serious washouts occurred, it will be impossible for the Southwestern Construction company to turn the road over before August 1st. For the first few weeks after the line is received by the M., K. & T. people only mixed trains will be run. In fact it will be necessary for the M., K. & T. to continue through passenger trains to St. Louis via Hannibal and the Keokuk line of the Burlington until the Burlington bridge across the Missouri river at Bellefontaine Bluffs is ready for traffic. That bridge and the M., K. & E. line from Franklin will then furnish the St. Louis inlet for all traffic of the M., K. & T., from the southwest, via St. Louis, which will be its terminal point and eastern gateway. The Bellefontaine bridge will not be completed before September, although over 500 men are engaged in its erection. The M., K. & E. will not become a real live railroad until the western travel is turned loose upon it, after the completion of the bridge.

The railroad laborers are disappearing from this section like grasshoppers from Kansas after the crops have been devoured.

Columbia's branch road will continue to butt up against the post for some time to come. A prominent M., K. & T. official, while in Rocheport Monday, remarked that his system did not want to tap Columbia, as there would be no money in the enterprise. Instead it would bring the Wabash in closer competition with the M., K. & E., and would give the road an outlet that would be anything but satisfactory to the trunk line people.

RAILWAY OFFICIALS HERE.

Those of the Missouri Pacific Arrived This Afternoon.

General Manager W. B. Doddridge, General Superintendent H. G. Clark and Superintendent L. D. Hopkins, of the Missouri Pacific,

arrived here from St. Louis this afternoon on a special train, and after a short sojourn left over the Lexington branch for Kansas City, accompanied by Division Superintendent Stilwell.

Messrs. Doddridge and Clark will go as far west as Denver, on a tour of inspection, and will keep their eyes open as they proceed with a view to dispensing with every employee who is not absolutely needed, in order that expenses may be reduced until business picks up.

The pruning knife was applied in Sedalia to-day, as will be seen elsewhere in this issue of the DEMOCRAT, and the experience of Sedalia will be the experience of all divisional points on the system.

To Inspect the M., K. & E.

On July 12 and 13 General Manager Purdy, of the M., K. & T., in company with other railroad officials, will inspect the new M., K. & E. railroad, after which, providing the road is found in good condition, it will be turned over to the M., K. & T. Railroad Co. General Manager Purdy has never been over the road and is anxious to inspect it and look over the country.

A Lively Runaway.

A team of horses hitched to a farm wagon and owned by a negro ran away on Ohio street this morning, and as they ran north caused a general scampering of pedestrians along the street. At Main street the animals made a sudden turn west, and Harry Bascom and George Ferrel, of the Basco, who were standing on the corner, reached the top of an open stairway quicker than the reader could say "scat." An instant later the team was stopped without any damage being done.

A SAD SUICIDE.

A Pettis County Lady Ends Her Life By Drowning.

News reached the city to-day of a sad suicide which occurred Friday night near Ionia, the victim being a Mrs. Lippe, who has for some time been in ill health and mentally unbalanced.

The unfortunate woman made her home with a married son and the family gave her every attention they were able to bestow. During the day she was constantly watched by some members of the family and at night she was locked in her room.

Friday night was very warm and she complained of the heat and begged that the door be left open. This request was granted, the family not dreaming that any harm would come to her.

Sometime during the night, while the family were all asleep, Mrs. Lippe made her way out of the house and wandered to a hog pond near by. The next morning her lifeless body was found in the pond, she having sought a watery grave as a relief from a life that had become a burden.

An inquest was held Saturday and a verdict was rendered in accordance with the above facts, and on Sunday the remains were buried in the cemetery at Ionia.

The Season at Pertle.

Pertle Springs is growing unusually attractive at present. Yesterday there were between 500 and 1,000 people present, the guests coming from Colorado, Iowa, Kansas and Missouri. John W. Houx, Prof. C. W. Robbins and Misses Danbauer and Clingan were registered from Sedalia. About August 1st Prof. Gregg's juvenile band, of Sedalia, will begin a six days' engagement. From July 10th to 18th the Missouri Methodist Sunday School assembly and Epworth League convention will be in session, and on July 11th the circuit clerks and recorders of Missouri will be in session. The Ariel Sextette, composed of the Smith sisters, who were at the Christian church in this city last week, appear to-night and will give three concerts. Sedalians who wish to enjoy a pleasant time should not fail to go to Pertle Springs.

Insurance Men Meet.

The insurance agents of the city met this morning at the rooms of the board of underwriters and entered into an agreement, which was signed by every agent in the city, not to divide commissions in future for the sake of securing business.

It was decided that from this date forward all policies that are not paid by the 20th of the month following the one in which they are written will be cancelled and declared void.

It was further decided that in future 25 cents will be charged for all endorsements, transfers and changes, and failure to live up to the agreement in either of the three particulars will result in a \$2c fine for each and every violation.

Has Stepped Down and Out.

George H. Wright, for several years past an efficient clerk in the employ of the Missouri Pacific in this city, who presented his resignation to the company several days ago, retired this morning and will be "a gentleman of elegant leisure" until the first of next month, when he and Tim Dunaigan will open a gent's furnishing goods store in the Ilgenfritz block.

"I am now a loafer for the first time since I was 12 years old," said George this morning, "and I suppose time will hang heavily on my hands until I get to work."

Seedless Blackberries.

I have twelve acres of this variety now ripe. All persons wishing them to can send in orders at once, as I was unable to fill all my orders last year, owing to the great demand for the "SEEDLESS BERRY." I fill all orders in their turn, and as promptly as possible. I bring fresh berries only, and all boxes well filled. All I ask is that you try them, as those who have once canned them will use no other. I make special figures for canning. Address J. B. Roe, postoffice box 201, Sedalia, Mo., and your order will receive prompt attention.

Central Missouri Crops.

A correspondent writing from Tipton puts the wheat crop at about 50 per cent. or less, and of very poor quality. Wheat is about all cut, but if the rains continue much longer the damage to it in the shock will be very great.

The oats promised to be more than an average crop up to ten or fifteen days ago, but owing to continued wet weather have rusted badly and will not make more than half a crop.

Corn, though late, looks well and will make a good crop should the season be favorable. A large acreage is planted.

Grass is not as good as was expected, but will make a fair crop of hay.

Small fruit is a failure. There will be some peaches, but very few apples.

HONEST WORK.

Great care taken in extraction of teeth, either by plain pull or gas. No misleading, so-called new methods. I'll not use deceptive methods for the "almighty dollar," though the people may demand it.

"Hereafter I'll buy nothing but the S. S. White tooth, THE BEST." All artificial work guaranteed as the best possible and hope my best efforts will be appreciated by the people of Sedalia.
